

Notice

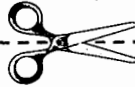

There are some changes to your Sapper Magazine that you need to know about:

Firstly, we are changing our publication dates and from 2009 we will publish the magazine on "even" months - February, April, June, August, October and December - which allows us to publish the Christmas edition where it should properly be; in December.

Secondly, we have been forced to put up our subscription costs. Sapper has been the same price (£7.50 / yr) for several years. The prices we pay for printing and postage have all increased during this time and with effect from January 2009 the annual subscription costs will be:

- UK, incl BFPO - £12.00
- Europe (including standard postage) - £15
- Rest of World (surface) - £15
- Rest of World (airmail) - £18

Those paying by Direct Debit need take no action, changes will be made automatically. Those paying by cheque should complete and return the Subscription Renewal Form, below, with their remittance.
